## Trusted EHS Partner for the Paper and Packaging Industry

With decades of experience in the paper and packaging industry, EnSafe delivers tailored environmental, health, and safety (EHS) solutions that meet the complex needs of manufacturers. From fully integrated mills to converting and recycling facilities, we understand the day-to-day challenges and regulatory demands — and we are here to help you manage them efficiently, safely, and in full compliance.

## Paper and Packaging Industry EHS Services

### Industrial Hygiene (IH) Services

- Qualitative and quantitative exposure assessments (airborne chemicals, noise, heat stress)
- Sound level surveys
- Local exhaust ventilation assessments
- Ergonomic and lighting evaluations
- Mold, Indoor Air Quality (IAQ), legionella, and hazardous materials assessments
- Turnkey IH program management — from sampling plan development to reporting and follow-up

### Process Safety Management (PSM)

- PSM/RMP audits and gap analyses
- PHA facilitation and documentation (turpentine, chlorine dioxide, and methanol)
- PSM program development
- PSM training

### Risk Assessments and Safety Support

- Machine guarding risk assessments
- Lockout tagout energy control procedure development
- Confined space hazard assessments
- Combustible dust hazard analyses
- Health and Safety Training
- Staff augmentation support
- Health, Safety, and Environmental Compliance Auditing

### Environmental Compliance & Permitting

- Air quality permitting, including Title V applications and renewals
- NPDES stormwater and wastewater permitting
- Hazardous waste and SPCC planning
- Environmental auditing and compliance assessments
- DOT HAZMAT Training

This list does not fully encompass all of the services we can provide. If you need assistance with a service that was not listed, please reach out to us today to see how we can help.

## SPECIALIZED EXPERIENCE

Long-standing partnerships with major industry clients

Over 1,000 IH assessments completed at mills and facilities nationwide

Comprehensive support — initial planning through post-monitoring follow-up

Paper and Packaging, cellulose, tissue, and recycling operations

Packaging facilities, warehouses, and distribution centers

Proven Expertise in Providing EHS Support for the Paper and Packaging Industry
